# TECHNIC

Cold Sand and wind Heat

· Flexible &compatible from 5kwh to 20kwh, expandable to 60kwh in parallel  
· Modules Design,maintenance-free

· Supports Bluetooth remote control, charge by appointment  
· One app,full access

Dynamic and intelligent adjustment for maximum efficiency

# SAFETY

Smart arc protection, automatic arc cut-off

Island Protection, Battery Reverse Polarity

0 voltage at ports  
Cell level monitoring

Various electrical protections such as overload protection, lightning protection

IP65

# PLATFORM

Optimize the power consumption to perfection

Self Adjustment

Smart Energy Management Systems

# PHASEGREEN

Green energy for a better life
